Digital CV

CAREER OBJECTIVE

A highly motivated Engineering Technologist-in-training pursuing a Bachelor's degree, driven by a strong desire to translate academic knowledge into real-world engineering solutions. Equipped with a solid foundation in digital and analog circuits, alongside growing technical knowledge in embedded programming, hardware logic design (Verilog), TCL scripting, and Python automation.

Actively seeking an industrial internship in Semiconductor, Digital & Analog IC Design, Verification and Automation environments to continuously learn, apply systematic debugging, and contribute to process improvements through critical thinking and collaborative teamwork.

EDUCATION

Universiti Malaysia Perlis (Oct 2024 - Mar 2028)

Bachelor's Degree of Electronic Engineering Technology (Electronic System)

Academic Awards: Recipient of Dean's List for all semesters in Degree (Semester 1 - Semester 4)

CGPA : 3.91 (Semester 1 - Semester 4)

Final Year Project : -

ASEM - Advanced Semiconductor Academy of Malaysia (Aug 2026 - Sep 2026)

Digital IC Design, National Semiconductor Excellence Program (NSEP)

Kolej Vokasional Seri Iskandar (Jan 2019 - Oct 2024)

Diploma Vokasional Malaysia (Teknologi Elektronik)

Academic Awards: Recipient of Anugerah Pengarah for all semesters in Kolej Vokasional (2019 - 2024)

CGPA : 3.86

Final Year Project : -

Sijil Kemahiran Malaysia (SKM TAHAP 3)

Electronic Equipment Troubleshooting, Repair & Maintenance - Level 3

New Certificate Numbering System : S102712877

Sijil Vokasional Malaysia (Teknologi Elektronik)

PNGK Akedemik : 3.60

PNGK Vokasional : 4.00

PNGK Keseluruhan : 3.81

WORK EXPERIENCE

Mobile Phone Technician - INFOIFIX Repair Phone Seri Iskandar (2024)

- Diagnosed electronic issues by using schematic diagrams, measurement & troubleshooting tools.
- Performed systematic troubleshooting on mobile devices depending on customer complaint, physical symptom, general problem and root causes problem analysis.

General Worker - D Naim Tyre And Sport Rim Seri Iskandar (2023)

- Demonstrated discipline, teamwork, and a continuous effort to improve.
- Enhanced basic technical knowledge on Automotive related field

VOLUNTEER EXPERIENCE

Pembimbing Pelajar Minggu Suai Kenal (PPMS 26/27) - Exco Anchor & Pendaftaran

- Managed digital communications by broadcasting information and instruction to large student groups.
- Assisted registration staff by physically ushering students and dynamically routing crowds to the correct counters for a seamless flow.

Leader of Judging Committee Volunteers (Engineering Technology Category) for Program Integrated Design Smart System Challenge (IDSSC) 2026

- Facilitated evaluation processes for industry judges to ensure smooth program execution.
- Managed team schedules and real-time communication for seamless event updates.

Community Services at Masjid Lama Bota Kanan

- Engaged in teamwork-driven community service to clean and revive the mosque
- Strengthening bonds with the local community

SKILLS

Proffesional Skills: Strong Communication, Discipline, Time Management and Teamworking

Technical Skills: IC Design, Verilog HDL, Computer Architecture, Digital & Analog Electronics, Python, C/C++, Java, EDA tools (Synopsys), AI-Assisted Workflow

Soft Skills: Leadership & Teamwork, Critical Thinking & Active Learning, Adaptability & Independence, Problem Solving

Language: Bahasa Malaysia (Native), English (Fluent), Arabic (Conservative)
